

Ex. No. 1: Create a simple cloud software application and provide it as a service using any Cloud Service Provider to demonstrate Software as a Service (SaaS).

Aim:

To create a simple cloud software application and provide it as a service using any cloud service provider to demonstrate software as a service (SaaS).

Procedure:

Step 1: Go to zohocreator.com.

Step 2: Log into zohocreator.com.

Step 3: Select one application step.

Step 4: Enter application name.

Step 5: Created a new application.

Step 6: Select one form

Step 7: The software has been created.

Implementation:

The screenshot shows the Zoho Creator interface for creating a 'booked seats' form. On the left, there's a sidebar with 'movie-booking-app' and sections for 'Tickets', 'movies collection', and 'Seats'. The 'Seats' section is currently selected. The main area displays the 'booked seats' form with fields for Name (First Name and Last Name), Phone (+91 81234 56789), Email, Drop Down ('Select'), Currency (##,##,##.##), and Date-Time (dd-MMM-yyyy HH:mm:ss). A 'Submit' button is at the bottom. To the right, there's a 'Form Customization - Web' panel with 'Label placement' options showing four grid layouts. The top right corner of the main window has a small circular icon with a blue 'B'.

1. Ticket form:

The screenshot displays two views of a movie booking application interface. The top view shows the 'tickets' form, and the bottom view shows the 'All Tickets' list.

Tickets Form (Top View):

- Name:** Madhuvanthi S K
- Address:** Chennai, 11
- City / District:** Chennai
- State / Province:** TamilNadu
- Postal Code:** 600001
- Country:** India
- Multi Line:** Movie Booking
- Date:** 16-Nov-2025
- Email:** madhuvanthi@gmail.com

All Tickets List (Bottom View):

<input type="checkbox"/>	Name	Address	Multi Line	Number	Time	Phone	Date
<input checked="" type="checkbox"/>	Madhuvanthi S K	Chennai, 11, Chennai, TamilNadu, 600001, India	Movie Booking	1234567889	15:20:00	+918838526221	16-Nov-2025

Showing 1 of 1

2. Movie Collections form:

The image displays two screenshots of a mobile application interface for movie booking.

Screenshot 1: movies collection

This screen shows a form for entering movie collection details. The fields and their current values are:

- Url: https://avengersendgame.com
- avenger endgame
- Video: Select File
- Audio: Select File
- Drop Down: Choice 1
- Multi Select: Choice 1, Choice 2, Choice 3

A blue "Submit" button is located at the bottom right of the form.

Screenshot 2: movies collection Report

This screen shows a report table with the following data:

Multi Select	Url	Audio	Video	Drop Down
Choice 1 Choice 2	avenger endgame			Choice 2

The table includes column headers: Multi Select, Url, Audio, Video, and Drop Down. A search icon, add icon, and more options icon are visible at the top right of the report area. At the bottom, it says "Showing 1 of 1".

3. Booked Seats form:

The image displays two screenshots of a movie booking application interface. The top screenshot shows the 'booked seats' form with fields for Name, Phone, Email, Drop Down, Currency, and Date-Time, all populated with sample data. The bottom screenshot shows the 'All Seats' list view, which displays a single booking entry with columns for Name, Phone, Email, Drop Down, Currency, and Date-Time.

Name	Phone	Email	Drop Down	Currency	Date-Time
Madhuvanthy S K	+91 8838526226	madhuvanthy@gmail.com	Choice 2	₹ 200.00	16-Nov-2025 15:26:31

Result:

Successfully created a simple cloud software application and provided it as a service using any Cloud Service Provider to demonstrate Software as a Service (SaaS).
